EDMUND G. BROWN, JR., et al., Defendants.

[No. CIV. S-05-830 LKK/GGH.](#)

United States District Court, E.D. California.

January 7, 2011.

ORDER

LAWRENCE K. KARLTON, District Judge.

Plaintiffs submitted a report titled "April 2010 Special Stipulation Report #3 Excerpt" in support of their motion for a preliminary injunction. *See* Exh. 20 filed in support of Motion for Preliminary Injunction. This report contains information concerning 444 parole cases whose parole hearing dates were modified in light of a settlement in a state court case. These cases appear to be sorted first by institution and second by CDC number. The court is unable to manipulate the data because it is in a scanned file.

For the foregoing reasons, the court instructs plaintiffs to file by noon on Monday, January 10, 2011 a document that sorts the data in the following manner:

Modification of Date for Subsequent Parole Hearing in Years (From X years to Y years)	Number of Inmates Receiving Modification	Number of Hearings Held for Inmates Receiving this Modification	Number of Parole Grants for Inmates Receiving this Modification

IT IS SO ORDERED.
