11/09/2012	<u>275</u>	ORDER that: Accordingly, IT IS HEREBY ORDERED that: 1. The Minnesota Commissioner of Human Services ("Commissioner") shall create an evaluation team, hereinafter referred to as the "MSOP Program Evaluation Team" ("Evaluation Team"), consisting of five qualified sex offender clinical treatment professionals with the necessary knowledge and experience to evaluate sex offender treatment in a secure facility to be appointed by the Commissioner and subject to Court approval. The Evaluation Team shall include the three sex offender treatment experts contracted to perform the annual evaluation described in Minnesota Statutes, section 246B.03, subdivision 2. The parties shall meet and confer on the potential candidates for the final two Evaluation Team positions prior to final appointment by the Commissioner. 2. The Commissioner shall forward to the Court the names of those professionals appointed by the Commissioner to the Evaluation Team for approval no later than December 1, 2012. 3. The focus of the Evaluation Team is to address possible program issues associated with client treatment phase progression ("phase progression"). The Evaluation Team shall review the treatment records of clients who have been participating for at least 36 months in a treatment phase and who have not yet advanced to the next treatment phase. The records reviewed shall include a random sampling of the records of at least 10% or 15 clients, whichever is higher, to a maximum of 25% of those clients identified above (at the discretion of the Evaluation Team). The Evaluation Team's review is to supplement the annual program evaluation described in Minnesota Statutes, section 246B.03, subdivision 2. 4. As part of the Evaluation Team's investigation of phase progression, it may consider any topic it deems related to phase progression, such as: adequacy of staffing levels and staff training; the type and amount of treatment offered; individual treatment record documentation; individual treatment plan documentation; the accuracy of client placement and progression within each treatment phase; therapeutic environment, etc. 5. No later than April 15, 2013, the Evaluation Team shall prepare and provide the MSOP Executive Director, the Court, and counsel for the parties in this litigation, with Findings and Recommendations on phase progression. The Evaluation Team shall also determine and include in its report a recommendation on the need, scope, and frequency of any future MSOP treatment program evaluation. These Findings and Recommendations on phase progression may be in addition to and reported separately from the annual program evaluation described in Minnesota Statutes, section 246B.03, subdivision 2. 6. The Executive Director shall respond in writing to the Evaluation Team's phase progression Findings and Recommendations within thirty (30) days of receiving the Findings and Recommendations and provide that written response to the Commissioner, the Court, and counsel for the parties. The Findings

		and Recommendations and the Executive Director's written responses shall also be made public. The Executive Director shall include a copy of the phase progression Findings and Recommendations, along with the Executive Directors written responses, to the Minnesota Legislature as part of MSOP's annual performance report submitted in January 2014 (see Minn. Stat. § 246B.035). 7. If at any time the Evaluation Team discovers in its review of files for phase progression an actual or possible violation of law, rule, or regulation, it shall immediately notify the Commissioner or the Chief Compliance Officer of the Minnesota Department of Human Services, the Court, and counsel for the parties. 8. The formation of the Evaluation Team shall not affect or impair the rights of the parties with respect to further settlement discussions or litigation in this matter. 9. In view of the formation of this Evaluation Team and continuing settlement discussions among the parties, all discovery in this matter shall be stayed for a period of sixty (60) days from the date of this Order. 07/10/2014	<u>550</u>	ORDER DEFINING THE PURPOSE AND SCOPE OF THE JULY 14 & 15, 2014 EVIDENTIARY HEARING. 1. Defendants' Motion in Limine for an Order Defining the Purpose and Scope of the July 14 & 15, 2014 Evidentiary Hearing (Karsjens, Civ. No. 11-3659, Doc. No. <u>541</u>), is GRANTED IN PART. The evidentiary hearing scheduled for July 14 and 15, 2014, is limited in scope to evidence relating to the opinions of all individuals, including the Rule 706 experts, who have issued reports or filed affidavits on E.T. and R.B in relation to the Karsjens § 1983 action. The evidence received at this hearing can be used, if relevant, to evaluate the class action claims in the Karsjens § 1983 action. The Court reserves the right to preserve the evidence insofar as it may pertain to the habeas matters. 2. Following the testimony as described in paragraph 1, the Court will hear argument from counsel in the Karsjens § 1983 action on Plaintiffs Motion for the Creation of an Aftercare Plan for E.T. Pursuant to Minn. Stat. § 253D.35 (Doc. No. 526), and separately will hear argument from the parties on the two habeas petitions in Civ. No. 14-2002 and Civ. No. 14-2362, including any argument on the exhaustion issues. 3. At the hearing, the Court would also like an update from counsel regarding E.T.'s July 2, 2014 SRB hearing, and an update on the current status of E.T. and R.B.s residence and living situation. Counsel should also be prepared to discuss modifying the schedule in the Karsjens § 1983 action. (Written Opinion). Signed by Judge Donovan W. Frank on 7/10/2014. (BJS) (Entered: 07/10/2014)

07/23/2015	<u>985</u>	ORDER APPOINTING SPECIAL MASTER. 1. The Court appoints former Chief Justice Eric J. Magnuson as Special Master in this matter pursuant to Rule 53 of the Federal Rules of Civil Procedure. Pursuant to Rule 53, and the Court's inherent authority to seek assistance in order to administer its cases efficiently, economically, and in the interests of justice, the Court concludes that the appointment of a Special Master in this case is necessary to coordinate the efforts of the parties following the Court's determination of Defendants' liability on Counts I and II of Plaintiffs Third Amended Complaint (Doc. No. 635), to accommodate the public interest in achieving prompt and just solutions to the serious constitutional problems identified by the Court, and to lessen the expense and strain of resources on the Court and the parties in a case of this magnitude. 2. In his role as Special Master, Eric J. Magnuson is authorized to provide oversight of the injunctive relief imposed by the Court with respect to Counts I and II of Plaintiffs' Third Amended Complaint (Doc. No. 635), and is further authorized to perform any ancillary acts necessary to properly perform his duties under this Order and under Rule 53. Under Rule 53(c), Special Master Magnuson "has the authority to regulate all proceedings and take all appropriate measures to perform fairly and efficiently" his assigned duties. The role of Special Master Magnuson is viewed by the Court as a nonadversarial role and, as such, the Court assumes and expects that the parties will cooperate and communicate with Special Master Magnuson. 3. Special Master Magnuson has agreed to serve in a pro bono capacity at no cost to the parties or expense to the Court. Because Special Master Magnuson has agreed to serve in a pro bono capacity, all fees and compensation for the time and services rendered shall be his responsibility, and will not be borne by the parties in this matter. 4. The Court reserves the right to amend this Order at any time, upon notice to the parties, and an opportunity to be heard. Signed by Judge Donovan W. Frank on 7/23/2015. (BJS) (Entered: 07/23/2015)

The Court shall hear arguments from the parties on their remedy proposals on September 30, 2015, at 9:00 a.m., in Courtroom 7C, 7th Floor, Warren E. Burger Federal Building and United States Courthouse, 316 North Robert

		Street, St. Paul, Minnesota. 5. It would be in the best interests of everyone, including the public at large, if the State of Minnesota began preparing now to solve the previously determined and identified constitutional infirmities in the Minnesota Sex Offender Program ("MSOP") and its corresponding statutory scheme. The Court has previously identified a variety of specific measures for Defendants to implement in order to remedy the constitutional deficiencies at the heart of this case in a way that will protect and promote public safety and the civil commitment and criminal justice systems operation. For example, the state could: (i) create assessment teams and enter contracts to provide independent, periodic risk assessments; (ii) develop transitional services; (iii) establish facilities to be used for less restrictive alternative options; and (iv) design a statewide public education plan on civil commitment, alternative facilities, provisional discharge conditions, and risk of re-offense data, as much of the information that is being stated publicly is either inaccurate, unfounded, or misleading. Recognizing the history of the states failure to meet minimum constitutional requirements, as well as the continuing injury and harm resulting from these serious violations, the Court notes that, at some point, if the state proves unwilling or incapable of remedying the constitutional violations, to which insufficient funding is not a defense, that failure may demand a more forceful solution. Any delay by the state to prepare for the inevitable relief to be imposed by the Court in light of the previously determined constitutional violations would only increase the risk to public safety. 10/29/2015	<u>1035</u>	FIRST INTERIM RELIEF ORDER. 1. Defendants are hereby enjoined as follows: a. Defendants must promptly conduct independent risk and phase placement reevaluation of all current patients at the MSOP. These independent risk assessments shall determine whether each patient (1) continues to meet the constitutional standard for commitment as set forth in Call v. Gomez, 535 N.W.2d 312 (Minn. 1995); (2) could be appropriately transferred or provisionally discharged; (3) could be housed in or monitored by a less restrictive alternative; and (4) is in the proper treatment phase. Defendants must complete these assessments according to the following time lines: i. Within 30 days, Defendants shall complete reevaluations of the six individuals in the Alternative Program who were designated for transfer to Cambridge, Eric Terhaar, and Rhonda Bailey. ii. Within 30 days, Defendants shall submit a detailed plan for approval by the Special Master for the reevaluations of the elderly, individuals with substantive physical or intellectual disabilities, and juvenile-only offenders. The plan must identify the individuals who will be reevaluated, the independent evaluators who will conduct the evaluations, and a detailed schedule for these reevaluations to be completed by a presumptive deadline of April 1, 2016, subject to modification by the Court based on the recommendations of the Special Master taking into account any submissions of the parties. iii. Within 60 days, Defendants shall submit a detailed plan for approval by the Special Master for the reevaluations of all remaining individuals at the MSOP. The presumptive completion deadline for these reevaluations is December 31, 2017, subject to modification by the Court based on the recommendations of the Special Master taking into account any submissions of the parties. b. If the independent risk assessment for any patient concludes that the patient should be fully discharged, transferred, or receive a reduction in custody, the MSOP must seek the release or reduction in custody of that patient to the appropriate placement by immediately filing a petition with the Special Review Board. See Minn. Stat. § 253D.27, subd. 2. Should Defendants wish to challenge the finding that a patient should be fully discharged, transferred, or receive a reduction in custody, the burden shall be on Defendants to prove that such individual's commitment and/or current level of custody is appropriate by clear and convincing evidence. See Minn. Stat. § 253D.28, subd. 2(d). Defendants must provide access to experienced independent counsel and professional experts to all petitioners. Defendants must ensure that the Special Review Board and Supreme Court Appeal Panel hearings following the independent risk assessments proceed in a timely manner and in no case conclude more than 120 days after the petition has been filed on behalf of a patient. c. Defendants must ensure that less restrictive alternatives are available to accommodate all individuals found eligible for a reduction in custody. For individuals found eligible for discharge, Defendants must provide transitional services and discharge planning needed to facilitate the individual's successful transition into the community. d. Following each treatment phase placement reevaluation identified in part a., above, Defendants shall immediately move any individual who is determined to be in an improper treatment phase into the proper treatment phase. If Defendants wish to object to the movement of any individual, the matter must be submitted to the Special Master for resolution. e. Defendants shall establish a plan to conduct annual,

		<p>independent risk assessments to determine whether each client still satisfies the civil commitment requirements and whether each client's treatment phase placement is proper. Parts b., c., and d. shall apply equally to the results of these subsequent annual assessments. f. Within 30 days, Defendants must submit a plan to the Special Master for approval by the Court providing for how they will complete the actions identified in parts b., c., and d., and e., above. Should Defendants seek an alternate deadline, they must prove to the Court why a later deadline is proper. 2. Special Master former Minnesota Supreme Court Chief Justice Eric J. Magnuson shall have authority to monitor compliance with the remedies identified above. The Special Master shall also have the authority to implement and enforce the injunctive relief imposed by the Court and to mediate any dispute between the parties with regard to the implementation of the remedies. Mediation of disputes by the Special Master shall be binding upon the parties. 3. This First Interim Relief Order contemplates that the Court will order further specific relief against Defendants. Subsequent orders by this Court may require Defendants to make improvements to the MSOP's treatment structure and discharge process, to conduct training for MSOP employees on the constitutional standards for commitment, to require periodic evaluation of the MSOP's treatment program by external experts, or to develop a statewide public education campaign to educate the public about Minnesota's sex offender civil commitment scheme, among other things. The Court may also revisit the relief ordered above in the event that Defendants fail to act on these requirements. 4. The Court shall retain jurisdiction over the Parties for 5 years from the date of final judgment, unless the Court orders otherwise. 5. If Defendants fail to fully comply with this Order, the Court reserves the right to issue an injunction enjoining the enforcement of the Act and precluding civil commitments under the Act and to issue an order to show cause why Defendants should not be held in contempt.
