07/31/2014	<u>912</u>	MINUTES OF STATUS CONFERENCE: Status Conference held before Judge John A. Kronstadt: The Court confers with all parties and the Special Master as to the areas of agreement and dispute. The Court expresses optimism that agreement may be reached as to some, if not all, of the remaining issues through further discussions between and among the parties and the Special Master. In in the interest of judicial and party economy, as well as to serve the need to take steps that will ensure the timely compliance with the terms of the settlement agreement, the Court concludes that the next steps in the process will be as follows: 1. The parties and the Special Master shall meet and confer forthwith as to the language in any remaining disputed recommendations. On or before August 15, 2014, the parties and Special Master shall submit a then up-to-date version(s) of the recommendations. The submission shall use a red-line format to illustrate any remaining disputes as to language between or among the parties and the Special Master. 2. At the same time that the parties and Special Counsel submit the aforementioned document, each of the three Plaintiffs, Defendants, and the Special Master shall submit a brief, not to exceed 10 pages, setting forth their respective or collective positions as to why the disputed language and resulting approach that each recommends is both appropriate and consistent with the requirements of the settlement agreement. The Court notes that a reiteration of what is in the parties briefs that preceded this hearing would not be particularly useful because that information is already before the Court. Instead, the parties should add to that information by focusing on the practical issues that relate to a successful and timely implementation of the terms of the settlement agreement so that the affected minors will receive the needed services in accordance with the schedule anticipated by the settlement agreement. Descriptions of meaningful, proposed timelines will also be helpful. 3. The Court sets a further status conference for August 28, 2014 at 11:00 a.m. to discuss and seek to resolve any remaining disputes as to the recommendations, and to set any further appropriate deadlines and hearings in this matter. The Court sets a meeting with the Special Master in advance of the hearing on August 28, 2014 at 10:00 a.m. The Special Master shall email the Clerk with a list of parties who will be appearing by telephone and in person on or before August 21, 2014. Kronstadt: The Court confers with the parties and the Special Master concerning the areas of agreement and dispute since the Special Masters last status report filed on September 29, 2014. The parties are ordered to meet and confer with the Special Master and submit to the Court by no later than October 28, 2014, an updated version of the proposed recommendations. The submission shall use a red-line format to illustrate any disputes as to language between or among the parties and the Special Master. To the extent there was an agreement as to a recommendation prior to the hearing, the parties shall file by no later than October 28, 2014, a stipulation and proposed order as to such language. The Court continues the matter for a final status conference on November 24, 2014, at 3:00 p.m. The Special Master shall file a status report by no later than November 20, 2014. The Court suggests that a discussion of the manner of post-jurisdiction collaboration be presented in light of the structure of the relevant State, County, private organization and federal operations in this field. The Court notes that leadership and collaboration are central to continued growth of the progress made to date. Court Reporter: Alex Joko. (shb) (Entered: 10/20/2014)

11/24/2014	<u>927</u>	MINUTES OF Status Conference held before Judge John A. Kronstadt: The status conference is held. The Court confers with the parties and the Special Master concerning the progress the parties have made to date and the parties proposals for the implementation of the Katie A. Plan after the conclusion of the Courts jurisdiction. The Court commends each partys advocacy, and their collective efforts to advance the welfare of the class-members. Counsel for the parties make similar remarks. The Court makes suggestions about how to continue on that path, and encourages the parties to continue to work collaboratively and efficiently. The Court applauds the exceptional work of the Special Master. The Court also acknowledges the central role played by Judge Matz throughout the time period when he presided over the case. The Court suggests that the parties consider the use of a private neutral to assist in dispute resolution in the future. The Court inquires whether there are any issues with respect to any outstanding fees payable to the Special Master. Each side states that there are no such issues, and for that reason, there is no need to extend the Courts jurisdiction so that such issues could be addressed. Court Reporter: Alex Joko.
