UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA
EUREKA DIVISION

UNITED STATES OF AMERICA,)	CONSENT DECREE
Plaintiff,)	
v.)	
HUMBOLDT COUNTY,)	Civil Action No. 16-5139 NJV
Defendant.)	

1 **I. BACKGROUND**

2 **A. INTRODUCTION**

3 1. This matter is before the Court for entry of a consent decree agreed to by Plaintiff United
4 States of America (“United States”) and Defendant Humboldt County, California (“County”),
5 collectively the “Parties.”

6 2. The United States brought this civil action to enforce Title II of the Americans with
7 Disabilities Act of 1990 (“ADA”), 42 U.S.C. §§ 12131–12134 and the U.S. Department of Justice’s
8 (“Department”) regulation implementing Title II, 28 C.F.R. Part 35.

9 3. The United States alleges that Humboldt County has discriminated, and continues to
10 discriminate, against individuals with disabilities by failing to make County facilities, programs,
11 services, and activities accessible to and useable by individuals with disabilities in violation of the ADA.

12 4. The Department initiated a compliance review of Humboldt County under its Project
13 Civic Access (“PCA”) initiative, a wide-ranging effort to ensure that cities, counties, and other public
14 entities throughout the country comply with the ADA by eliminating physical, communication, and
15 other barriers that prevent people with disabilities from participating fully in community life. The
16 Department’s review of the County included a review of its programs and an accessibility survey of over
17 50 facilities. As the result of its review, the Department found numerous violations of the ADA, notified
18 the County of the violations and negotiated a settlement agreement in which the County committed to
19 bring its facilities, programs, services and activities into compliance with the ADA. The settlement
20 agreement, which expired on July 23, 2011, included timelines for the County’s compliance. The
21 County failed to complete most of the actions required by the agreement and the County continues to
22 have barriers to access that prevent individuals with disabilities from participating in County programs,
23 services, and activities and that violate the ADA.

24 **B. PARTIES**

25 5. Plaintiff is the United States of America.

26 6. Defendant is Humboldt County, California. The County is a “public entity” within the
27 meaning of the ADA, 42 U.S.C. § 12131(1)(A), and is subject to the ADA and its implementing
28 regulation.

1 7. Defendant owns and operates facilities, programs, services, and activities within the
2 meaning of the ADA.

3 **C. JURISDICTION AND VENUE**

4 8. The Court has jurisdiction of this action under 28 U.S.C. §§ 1331, 1345 and 42 U.S.C.
5 § 12133. The Court may grant declaratory and other relief pursuant to 28 U.S.C. §§ 2201 and 2202, and
6 42 U.S.C. § 12133.

7 9. Venue is proper in the Eureka Division of this District pursuant to 28 U.S.C. § 1391
8 because the County is located in this District and all of the claims and events giving rise to this action
9 occurred in this District.

10 **II. AGREED RESOLUTION**

11 10. The Parties agree it is in their best interests to resolve this matter by entry of this Consent
12 Decree. The Parties agree and stipulate to the Court's entry of this Consent Decree resolving the
13 Plaintiff's complaint against the County.

14 Now it is hereby ORDERED AND DECREED as follows:

15 **A. GENERAL NONDISCRIMINATION REQUIREMENTS**

16 11. Humboldt County will not discriminate against individuals with a disability, and will not,
17 based on disability:

18 a) Deny the benefits of its programs, services, and activities. 28 C.F.R.
19 § 35.130(b)(1).

20 b) Provide an unequal, different, or separate opportunity to participate in its
21 programs, services, and activities. 28 C.F.R. § 35.130(b)(1), (3).

22 c) Limit the enjoyment of any right, privilege, advantage, or opportunity enjoyed by
23 others. 28 C.F.R. § 35.130(b)(1)(vii).

24 d) Determine the site or location of a facility that has the effect of excluding
25 individuals with disabilities from, denying them the benefits of, or otherwise subjecting them to
26 discrimination or that have the purpose or effect of defeating or substantially impairing the
27 accomplishment of the objectives of the program, service, or activity with respect to individuals with
28 disabilities. 28 C.F.R. § 35.130(b)(4).

1 12. Humboldt County agrees that it will comply with the ADA and the Title II regulation by:

2 a) Administering its programs services, and activities in the most integrated setting
3 appropriate to the needs of qualified individuals with disabilities. 28 C.F.R. § 35.130(d).

4 b) Operating each program, service, or activity so that, when viewed in its entirety, it
5 is readily accessible to and usable by individuals with disabilities. 28 C.F.R. §§ 35.149-.150.

6 c) Ensuring that facilities for which construction or alteration was begun after
7 January 26, 1992, are readily accessible to and usable by people with disabilities, in accordance with the
8 Title II regulation and the applicable accessibility standards. 28 C.F.R. § 35.151.

9 d) Ensuring that communications with people with disabilities, including applicants,
10 participants, and members of the public, are as effective as communications with others, including
11 furnishing auxiliary aids and services when necessary. 28 C.F.R. § 35.160.

12 **B. NOTIFICATION**

13 13. Within thirty (30) days of the entry of this Consent Decree, the County will adopt and
14 follow the attached *Notice under the Americans with Disabilities Act*, Attachment A (“Notice”);
15 distribute the Notice to all its agency heads; publish the Notice in a local newspaper of general
16 circulation serving the County on four (4) different days, including two (2) Sunday editions; post the
17 Notice on its Internet Home Page (humboldt.gov); and post the Notice in conspicuous locations in its
18 public buildings. The County will refresh each posted Notice, and update the contact information
19 contained on each Notice, as necessary, during the term of this Consent Decree. The County will
20 provide the Notice to any person upon request.

21 14. Within three (3) months of the entry of this Consent Decree, and annually thereafter for
22 the duration of the term of this Consent Decree, the County will implement, follow, and send to the
23 United States its written procedures to inform all interested individuals of the existence and location of
24 its accessible programs, services, and activities.

25 **C. ADA COORDINATOR**

26 15. Within one hundred eighty (180) days of the entry of this Consent Decree, the County
27 will appoint or hire one or more ADA Coordinators, who must be pre-approved by the United States and
28 trained in and knowledgeable about the ADA. The ADA Coordinator(s) will coordinate the County’s

1 effort to comply with this Consent Decree and the ADA, including any investigation by the County of
2 ADA-related complaints. The County will make available to all interested individuals the name(s),
3 office address(es), telephone number(s), and email address(es) of the ADA Coordinator(s). The County
4 will also post this information on its website, in an accessible and conspicuous location (*i.e.*, directly
5 linked from the County's homepage) and accessible format (*i.e.*, HTML). If the County changes its
6 ADA Coordinator(s), it will notify the United States in writing, and update the name and contact
7 information everywhere it appears, within one (1) day of making such a change.

8 **D. INDEPENDENT LICENSED ARCHITECT**

9 16. Within one hundred eighty (180) days of the entry of this Consent Decree, the County
10 will retain an Independent Licensed Architect ("ILA"), pre-approved initially and continually approved
11 by the United States throughout the term of the Consent Decree, who is trained in and knowledgeable
12 about the accessibility requirements of the ADA. The ILA must act independently to certify whether
13 any alterations, additions, or modifications made by the County during the term of this Consent Decree
14 comply with the applicable standard pursuant to 28 C.F.R. § 35.151(c) and the Appendix to 28 C.F.R.
15 § 35.151(c). The County will bear all costs and expenses of retaining and using the ILA, including the
16 costs and expenses of any consultants and staff used by the ILA. The County will compensate this ILA
17 without regard to the outcome.

18 17. In issuing certifications pursuant to this Consent Decree, the ILA will impartially prepare
19 reports identifying each violation and demonstrating with photographs each violation that has been
20 remediated and will use the certification form at Attachment B. The ILA will be considered a neutral
21 inspector for purposes of issuing certifications of compliance and will be reasonably available to the
22 United States to discuss findings in its and the County's reports, photographs, and certifications. The
23 United States may also, in its discretion, provide technical assistance to the ILA. Upon request by the
24 United States, the County will provide prior notice to the United States of inspections by the ILA to
25 allow representatives of the United States to be present.

26 18. The County will submit ILA certifications along with its reporting requirements as set
27 forth in this Consent Decree.

28 //

1 **E. GRIEVANCE PROCEDURE**

2 19. Within three (3) months of the entry of this Consent Decree, the County will adopt the
3 attached *ADA Grievance Procedure*, Attachment C, distribute it to all of its agencies, post it on its
4 website, and post copies of it in conspicuous locations in each of its public buildings. It will refresh
5 each posted copy, and update the contact information contained on it, as necessary, for the term of the
6 Consent Decree. The County will provide copies to any person upon request.

7 **F. GENERAL EFFECTIVE COMMUNICATION PROVISIONS**

8 20. Within three (3) months of the entry of this Consent Decree, the County will identify
9 sources of qualified sign language and oral interpreters, qualified readers, real-time transcription
10 services, and vendors able to convert documents to Braille. Within this three (3) month timeframe, the
11 County will implement and report to the United States its written procedures, with time frames, for
12 providing and fulfilling requests for sign language or oral interpreters, qualified readers, real-time
13 transcription services, and documents in alternate formats, including Braille, large print, audio
14 recording, and accessible electronic format (*e.g.*, HTML).

15 21. Within three (3) months of the entry of this Consent Decree, the County will train all
16 employees who communicate with the public to use the California Relay Service to make and receive
17 calls, and report to the United States the details of the trainings including the identity of the employees
18 trained. The County will train all new employees who will have contact with the public at least five (5)
19 business days before they first have contact with the public.

20 **G. 911 EMERGENCY COMMUNICATIONS**

21 22. Within three (3) months of the entry of this Consent Decree, the County will ensure that
22 each of its 911 consoles or call stations can receive and respond to TTY communications effectively
23 with an analog TTY or computer equivalent. Within three (3) months of the entry of this Consent
24 Decree, the County will adopt written procedures for answering 911 calls and train all call takers to use
25 a TTY or computer equivalent to take 911 calls. The training and procedures will include recognizing a
26 “silent” open line as a potential TTY call, responding by analog TTY or computer equivalent, and
27 answering TTY calls as quickly as other calls received. The County will monitor incoming 911 TTY
28 calls, answer them as quickly and accurately as other calls, and send the written procedures and details

1 of the training and monitoring to the United States.

2 **H. LAW ENFORCEMENT AND EFFECTIVE COMMUNICATION**

3 23. Within three (3) months of the entry of this Consent Decree, the County will implement
4 the *Humboldt County Sheriff's Office's Policy Statement on Effective Communication with People Who*
5 *are Deaf or Hard of Hearing*, Attachment D, and distribute to all sheriff department officers the *Guide*
6 *for Law Enforcement Officers When in Contact with People Who are Deaf or Hard of Hearing*,
7 Attachment E.

8 24. Within three (3) months of the entry of this Consent Decree, the County will hire or
9 contract with local qualified oral and sign language interpreters to be available to its sheriff's department
10 twenty-four hours every day.

11 25. Within three (3) months of the entry of this Consent Decree, the County will equip each
12 sheriff station or substation and each jail and detention facility with a sufficient number of working
13 TTYs, videophones, hearing aid compatible telephones, and volume control telephones, but no fewer
14 than one (1) of each, to enable people who are deaf, hard of hearing, or who have speech impairments to
15 make telephone calls of the same frequency and with the same availability as those people who do not
16 use TTYs or videophones. Where telephone calls are time-limited, the County will adopt policies
17 permitting a longer period of time for individuals using a TTY, videophone, or relay service due to the
18 slower nature of these communications as compared to voice communications. If any person who is
19 deaf, hard of hearing, or who has a speech impairment prefers a different method of communication,
20 such as a captioned telephone or computer, the County will make reasonable efforts to provide the
21 communication device requested.

22 **I. EMERGENCY MANAGEMENT PROCEDURES AND POLICIES**

23 26. The County's Emergency Operations Plan ("EOP") must comply with the ADA. The
24 County will use Chapter 7 of the Department of Justice's *ADA Best Practices Tool Kit for State and*
25 *Local Government* ("ADA Tool Kit") to address ADA obligations of emergency management, including
26 planning, preparedness, evacuation, shelters, medical and social services, lodging and housing programs,
27 recovery, and rebuilding.

28 27. Within sixty (60) days of the entry of this Consent Decree, the County will incorporate

1 the provisions of Chapter 7 of the *ADA Tool Kit* into its EOP and provide a copy (including supporting
2 documents) to the United States.

3 28. The County's EOP will include the following:

4 a) Procedures to solicit, receive, and use input from people with a variety of
5 disabilities on its emergency management plan (preparation, notification, response, and clean-up).

6 b) Community evacuation plans to enable people who have mobility disabilities, are
7 blind or have low vision, are deaf or hard of hearing, have cognitive disabilities, mental illness, or other
8 disabilities to either safely self-evacuate or be evacuated by others.

9 c) If the County's emergency warning system uses sirens or other audible alerts,
10 then procedures to effectively inform people who are deaf or hard of hearing of an impending disaster.

11 d) A requirement that emergency shelters have a back-up generator and a way to
12 keep medications refrigerated (such as a refrigerator or a cooler with ice). Access to back-up power and
13 refrigeration at such shelters will be made available to people whose disabilities require access to
14 electricity and refrigeration, for example, for using life-sustaining medical devices, providing power to
15 motorized wheelchairs, and preserving certain medications, such as insulin, that require refrigeration.
16 The written procedures will include a plan for notifying people of the location of such shelters.

17 e) Procedures ensuring that people who use service animals are not separated from
18 their service animals when sheltering during an emergency, even if pets are prohibited in shelters. The
19 procedures will not segregate people who use service animals from others but may take into account the
20 potential presence of people who, for safety or health reasons, should not be in contact with certain types
21 of animals.

22 f) Plans for providing equivalent opportunities for accessible post-emergency
23 temporary housing to people with disabilities. The County will ensure that information it makes
24 available regarding temporary housing includes information on accessible housing (such as accessible
25 hotel rooms within the community or in nearby communities) that could be used if people with
26 disabilities cannot immediately return home after a disaster if, for instance, necessary accessible features
27 such as ramps or electrical systems have been compromised.

28 //

1 **J. PHYSICAL CHANGES TO EMERGENCY SHELTERS**

2 29. Some County emergency shelters may be owned or operated by other public entities
3 subject to Title II or by public accommodations subject to Title III and therefore they must provide
4 program access or remove barriers to accessibility under the ADA. This Consent Decree does not limit
5 future enforcement action against the other owners or operators of these emergency shelters.

6 30. Within nine (9) months of the entry of this Consent Decree, the ILA will survey all
7 emergency shelters in the County using the survey instrument entitled *ADA Checklist for Emergency*
8 *Shelters*, Attachment F to identify barriers to access for individuals with disabilities.

9 31. For County emergency shelters with barriers to access for individuals with disabilities,
10 the County will either (1) remove all barriers to access by people with disabilities and have the ILA
11 confirm removal of the barriers to the United States, or (2) relocate the emergency shelter to another
12 facility that can be used as an emergency shelter and that has no barriers to access by people with
13 disabilities within fifteen (15) months of the entry of this Consent Decree.

14 32. For shelters that are not owned or operated by the County, the County will request in
15 writing that each of the owners and operators of the shelter facilities remove the noted barriers to access
16 for people with disabilities within fifteen (15) months of the entry of this Consent Decree. The County
17 will simultaneously send a copy of the request to the United States.

18 33. Within eighteen (18) months of the entry of this Consent Decree, the ILA will survey
19 each shelter to determine whether the barriers have been removed. If not all barriers have been removed
20 at a shelter, the County will identify and designate within twenty-four (24) months of the entry of this
21 Consent Decree an accessible replacement shelter for each inaccessible shelter, which will be confirmed
22 by the ILA using the survey instrument entitled *ADA Checklist for Emergency Shelters*, Attachment F.

23 34. Within three (3) months of the entry of this Consent Decree and until all emergency
24 shelters are accessible as confirmed by the ILA, the County will identify and widely publicize to the
25 public and to people with disabilities the most accessible emergency shelters.

26 **K. SIDEWALKS**

27 35. Within six (6) months of the entry of this Consent Decree, the County will implement and
28 report to the ILA and the United States its written process for requesting and receiving input from

1 people with disabilities regarding the accessibility of its sidewalks, including requests to add curb cuts at
2 particular locations.

3 36. Within nine (9) months of the entry of this Consent Decree, the County and its ILA will
4 identify and report to the United States: (1) a plan to identify all existing street level pedestrian
5 walkways, streets, roads, and highways under the jurisdiction of Humboldt County that have not been
6 constructed or altered since January 26, 1992; and (2) a timetable to provide curb ramps or other sloped
7 areas that comply with the applicable architectural standards at all existing intersections of streets, roads,
8 and highways having curbs or other barriers from a street level pedestrian walkway. The plan and
9 timetable must be approved by the United States and will specify completion of all required curb ramps
10 or other sloped areas that comply with the applicable architectural standards and the ADA within three
11 (3) years. The plan and timetable shall give priority to requests from people with disabilities, walkways
12 serving entities covered by the ADA, including state and local government offices and facilities,
13 transportation, places of public accommodation, and employers, followed by walkways serving other
14 areas.

15 37. Within three (3) years of the entry of this Consent Decree, the County will provide curb
16 ramps or other sloped areas complying with the applicable architectural standards as permitted by 28
17 C.F.R. § 35.151(c) and its Appendix, copied below, at all intersections of the streets, roads, and
18 highways constructed or altered since January 26, 1992, that have curbs or other barriers from a street
19 level pedestrian walkway, and at all places where a street level pedestrian walkway constructed or
20 altered since January 26, 1992, intersects with a street, road, or highway.

Date of Construction or Alteration	Applicable Standards
Before September 15, 2010	1991 ADA Standards or Uniform Federal Accessibility Standards (“UFAS”)
On or after September 15, 2010, and before March 15, 2012	1991 ADA Standards, UFAS, or 2010 ADA Standards
On or after March 15, 2012	2010 ADA Standards

21
22
23
24
25
26 38. Annually, the ILA will confirm to the United States that the County has provided curb
27 ramps or other sloped areas where required that are in compliance with the applicable architectural
28 standards in accordance with the approved plan and its timetable. If the County fails to comply with the

1 approved plan and its timetable, the United States may file a motion to enforce this Consent Decree
2 pursuant to paragraph 63.

3 39. Following entry of this Consent Decree, whenever a street, road, highway, or street level
4 pedestrian walkway intersecting with a street, road or highway is constructed or altered, the County will
5 provide curb ramps or other sloped areas complying with the 2010 ADA Standards at any intersection
6 having curbs or other barriers to entry from a street level pedestrian walkway. Annually, the ILA will
7 confirm to the United States that the County has provided curb ramps or other sloped areas where
8 required that comply with the 2010 ADA Standards.

9 **L. WEB-BASED SERVICES AND PROGRAMS**

10 40. Within three (3) months of the entry of this Consent Decree, the County will:

11 a) Designate an employee as the Web Accessibility Coordinator for the County who
12 will be responsible for coordinating the County's compliance with the requirements of this section,
13 Section L, of this Consent Decree. The Web Accessibility Coordinator will have experience with the
14 requirements of Title II of the ADA, the Web Content Accessibility Guidelines ("WCAG") version 2.0
15 (published by the World Wide Web Consortium ("W3C"), Web Accessibility Initiative ("WAI"),
16 available at www.w3.org/TR/WCAG) and website accessibility generally; and

17 b) Retain an independent consultant ("Website Accessibility Consultant"), approved
18 by the United States, who is knowledgeable about accessible website development, Title II of the ADA,
19 and WCAG 2.0 to evaluate the County's website and any proposed online services for compliance with
20 the ADA and, at minimum, WCAG 2.0 Level A and Level AA Success Criteria and other Conformance
21 Requirements ("WCAG 2.0 AA"), and who will be responsible for the annual website accessibility
22 evaluation described in detail in paragraph 41(d). The County will bear all costs and expenses of
23 retaining and utilizing this Website Accessibility Consultant, including the costs and expenses of any
24 staff needed by the Website Accessibility Consultant. The County will compensate this Website
25 Accessibility Consultant without regard to the outcome.

26 41. Within two (2) months of the entry of this Consent Decree, and annually thereafter, the
27 County will:

28 //

1 a) Adopt, implement, and post online a policy that its web pages will conform with
2 WCAG 2.0 AA;

3 b) Distribute the policy to all employees and contractors who design, develop,
4 maintain, or otherwise have responsibility for its websites, or provide website content, technical support,
5 or customer service;

6 c) Provide training to website content personnel on how to conform all web content
7 and services with, at minimum, WCAG 2.0 AA, Title II of the ADA, and the terms of this Consent
8 Decree;

9 d) Assess all existing web content and online services covered by this Consent
10 Decree for conformance with WCAG 2.0 AA and perform automated accessibility tests of the County's
11 website and all of its online services, using an automated tool approved by the United States, to identify
12 any accessibility barriers;

13 e) Provide a notice, prominently and directly linked from its homepage, instructing
14 visitors to its websites on how to request accessible information. The link will provide several methods
15 to request accessible information, including an accessible form to submit feedback, an email address,
16 and a toll-free phone number to contact personnel knowledgeable about the accessibility of the website;
17 and

18 f) Provide a notice, prominently and directly linked from its homepage, soliciting
19 feedback from visitors to its websites on how to improve website accessibility. The link will provide
20 several methods to provide feedback, including an accessible form to submit feedback, an email address,
21 and a toll-free phone number to contact personnel knowledgeable about the accessibility of the website.

22 42. Within twelve (12) months of the entry of this Consent Decree, the County will:

23 a) Ensure that its websites and all online services, including those websites or online
24 services provided by third parties upon which the County relies to allow members of the public to
25 participate in or benefit from the County's programs, services, or activities, comply with WCAG 2.0
26 AA, with the exception of the following categories of content:

27 (1) Archived web content, *i.e.*, content maintained exclusively for reference,
28 research, or recordkeeping, which is not altered or updated after the date of archiving, and which is

1 organized and stored in a dedicated area or areas clearly identified as being archived;

2 (2) Conventional electronic documents (*i.e.*, portable document file (PDF),
3 word processor, presentation, spreadsheet, and database file formats) available on the County's websites
4 as of the entry of this Consent Decree, unless such documents are to be used by members of the public
5 to apply for, gain access to, or participate in the County's programs, services, or activities; and

6 (3) Conventional electronic documents (*i.e.*, PDF, word processor,
7 presentation, spreadsheet, and database file formats) or any other submissions by a third party in
8 connection with an administrative, judicial, or legal proceeding that are available on the County's
9 websites; and

10 b) Assess all proposed online services before they are made available to the public
11 for conformance with WCAG 2.0 AA and perform automated accessibility tests, using an automated
12 tool approved by the United States, to identify any accessibility barriers.

13 **M. NEW CONSTRUCTION, ALTERATIONS, AND PHYSICAL CHANGES TO**
14 **FACILITIES**

15 43. All construction and alterations to County buildings and facilities by the County or on its
16 behalf will comply with the requirements of 28 C.F.R. § 35.151, including applicable architectural
17 standards. All architectural changes by the County or on its behalf made on or after March 15, 2012,
18 must comply with the 2010 ADA Standards. The term "2010 ADA Standards" refers to the 2010 ADA
19 Standards for Accessible Design (28 C.F.R. § 35.104 (Title II) (defining the "2010 ADA Standards" as
20 the requirements set forth in appendices B and D to 36 C.F.R. part 1191 and the requirements contained
21 in 28 C.F.R. § 35.151.)). All citations are to the 2010 ADA Standards unless otherwise noted.

22 44. The parts of a County facility that do not comply with the 1991 ADA Standards (or the
23 2010 ADA Standards, as applicable), as listed in Attachments G, H, I, and J, prevent people with
24 disabilities from fully and equally enjoying the County's programs, services, or activities and constitute
25 discrimination on the basis of disability within the meaning of 42 U.S.C. § 12132 and 28 C.F.R. §§
26 35.149-35.151.

27 45. The County will remediate the violations listed in Attachments G, H, I, and J, by taking
28 the actions outlined in those attachments within the specified timeframes. All architectural changes by

1 the County or on its behalf made on or after March 15, 2012, must comply with the 2010 ADA
 2 Standards. The County will complete all actions identified in Attachments G, H, I, and J no later than
 3 thirty-three (33) months from the date of entry of this Consent Decree. Specific deadlines for each
 4 facility are outlined in Attachments G, H, I, and J.

5 46. If the County has already undertaken an alteration, addition, or other modification to any
 6 element identified in Attachments G, H, I, or J or otherwise after January 26, 1992, and prior to the entry
 7 of this Consent Decree, the County will submit to the ILA and the United States within nine (9) months
 8 a written report pursuant to paragraph 61 below summarizing the actions taken, providing ILA
 9 certifications and providing evidence establishing each individual element's compliance with the
 10 applicable architectural standard as permitted by 28 C.F.R. § 35.151(c) and its Appendix, copied in the
 11 table below:

Date of Construction or Alteration	Applicable Standards
Before September 15, 2010	1991 ADA Standards or UFAS
On or after September 15, 2010, and before March 15, 2012	1991 ADA Standards, UFAS, or 2010 ADA Standards
On or after March 15, 2012	2010 ADA Standards

16
 17 47. Within nine (9) months of the entry of this Consent Decree, the County will have the ILA
 18 survey all facilities that are the subject of this Consent Decree for the purpose of identifying those that
 19 have multiple entrances not all of which are accessible. Also within nine (9) months of the entry of this
 20 Consent Decree, the County will install directional signage at all inaccessible entrances to each of its
 21 facilities and will place the international symbol for accessibility at each accessible entrance to a facility,
 22 in accordance with 28 C.F.R. § 35.163(b).

23 48. Newly Constructed Facilities: The County will take the actions listed in Attachment G to
 24 make County facilities for which construction was commenced after January 26, 1992, readily
 25 accessible to and usable by people with disabilities.

26 49. Altered Facilities: The County will take the actions listed in Attachment H to make the
 27 altered parts of the County facilities for which alterations commenced after January 26, 1992, readily
 28 accessible to and usable by people with disabilities.

1 50. Program Access in Existing Facilities: The County will take the actions listed in
2 Attachment I to make each of the County’s programs, services, and activities operating at a facility that
3 is the subject of this Consent Decree, when viewed in its entirety, readily accessible to and usable by
4 people with disabilities.

5 51. County Facilities and Programs that Are Not Listed in This Consent Decree: The County
6 and the ILA will ensure compliance with the requirements of Title II for all of the County facilities and
7 programs that are not listed in this Consent Decree and its attachments. The ILA will survey all the
8 County’s facilities for compliance with Title II of the ADA that the United States did not list in this
9 Consent Decree. Within nine (9) months of the entry of this Consent Decree, the County and ILA will
10 submit to the United States a detailed report from the ILA listing the access issues identified during the
11 ILA’s review together with the corrective actions and completion dates proposed to resolve such issues.
12 The proposed completion dates may be no later than twelve (12) months prior to the termination of this
13 Consent Decree. The survey conducted by the ILA, the access issues identified, and the corrective
14 actions and completion dates proposed will be consistent with the requirements of Title II; the review of
15 the County facilities and programs conducted by the United States for purposes of this Consent Decree;
16 and the access issues, corrective actions, and completion dates reflected in Attachments G, H, I, and J.

17 **N. PROGRAM MODIFICATIONS**

18 52. Access to County Programs Housed in Non-County Owned Facilities: To ensure that the
19 County’s programs, services, and activities that are the subject of this Consent Decree and that are
20 operated by the County at facilities owned or controlled by other entities, when viewed in their entirety,
21 are readily accessible to and usable by people with mobility impairments, the County will take the
22 actions listed in Attachment J.

23 **O. MONETARY RELIEF**

24 53. Within ten (10) business days after the entry of this Consent Decree, the County will
25 deposit Two Hundred Seventy-Five Thousand Dollars (\$275,000) in an interest-bearing account for the
26 purpose of compensating aggrieved persons who have been harmed by the County’s noncompliance
27 with the ADA. Within fifteen (15) business days after the entry of this Consent Decree, the County will
28 submit proof to the United States that the account has been established and the funds deposited. The

1 County will bear all costs of establishing the account, maintaining it, and issuing checks from it. Copies
2 of account statements will be promptly provided to the United States, upon request.

3 54. Within thirty (30) days after the entry of this Consent Decree, the County will produce to
4 the United States any complaints about access to any County facilities, programs, services, or activities
5 that it has received from or on behalf of an individual alleged to have a disability.

6 55. Within ninety (90) days of the effective date of this Consent Decree, the United States
7 will determine which persons have already been harmed by ADA violations in the County and will
8 determine in its sole discretion an appropriate amount of damages to be awarded each such person,
9 provided that: No person will be paid pursuant to this Section of the Consent Decree until the United
10 States has received an executed "Waiver and Release of Claims" form from that person that is
11 substantially similar to the form attached as Attachment K. The total amount to be paid by the County
12 pursuant to this Section of the Consent Decree will not exceed Two Hundred Seventy-Five Thousand
13 Dollars (\$275,000) plus any interest accrued in the account established under paragraph 53.

14 56. The United States will notify the County in writing in one or more notifications of its
15 determinations of the amount to be paid to each aggrieved person. Within thirty (30) days after
16 receiving each such written notification, the County will deliver to the United States checks to the
17 aggrieved persons made payable as directed by the United States. The United States will provide a copy
18 of the executed "Waiver and Release of Claims" forms before sending checks to the aggrieved persons.

19 57. The United States may also seek compensation in the future for individuals aggrieved by
20 non-compliance with the Consent Decree. The Court shall have jurisdiction over any such claims.

21 **P. MAINTENANCE OF ACCESSIBLE FEATURES AND TRAINING**

22 58. Throughout the term of this Consent Decree, consistent with 28 C.F.R. § 35.133(a), the
23 County will maintain the accessibility of its programs, services, activities, facilities, and equipment,
24 including routinely testing accessibility equipment and routinely auditing the accessibility of its
25 programs and facilities. This provision, however, does not prohibit isolated or temporary interruptions
26 in service or access due to maintenance or repairs. 28 C.F.R. § 35.133(b).

27 59. Within nine (9) months of the entry of this Consent Decree, the County will submit for
28 pre-approval by the United States a proposed training program, lasting at least four hours, on the

1 requirements of the ADA and appropriate ways of serving people with disabilities. The submission will
2 include a description of the training, the agenda, any handouts, and the name, title, and address of the
3 trainer.

4 60. Within one (1) year of the entry of this Consent Decree and annually thereafter, after
5 approval of the training program by the United States, all County employees who have direct contact
6 with members of the public will be trained for at least four hours on the requirements of the ADA and
7 appropriate ways of serving people with disabilities. Within thirty (30) days after each training the
8 County will submit to the United States the list of employees trained.

9 61. Beginning six (6) months after the entry of this Consent Decree and every six (6) months
10 thereafter throughout the term of this Consent Decree, the County will submit written reports to the
11 United States summarizing the actions taken by the County to comply with this Consent Decree,
12 including modified facilities, programs, services, and activities. The report will include the ILA
13 certifications received pursuant to paragraphs 16 through 18 of this Consent Decree, photographs
14 showing measurements, architectural plans, notices published in the newspaper, copies of adopted
15 policies and a copy of any other documents or information required by this Consent Decree. The reports
16 will include input from the County's ADA Coordinators.

17 **Q. COMPLIANCE**

18 62. It is a violation of this Consent Decree for the County to fail to comply in a timely
19 manner with any of the requirements of this Consent Decree.

20 63. The United States may review compliance with this Consent Decree at any time and may
21 file a motion to enforce this Consent Decree if it believes that the Consent Decree, or any requirement
22 thereof, has been violated. The United States may conduct an on-site review of any County facility,
23 review any County records related to actions required by the Consent Decree, and interview any County
24 employees or contractors for purposes of reviewing compliance with this Consent Decree and ADA
25 requirements, including the requirements of the ADA Standards. If the United States identifies any
26 noncompliance with the Consent Decree or the ADA Standards, the County must correct its
27 noncompliance within thirty (30) days of receipt of notice of noncompliance from the United States or
28 the United States may seek the Court's assistance to enforce this Consent Decree.

1 64. Any time limits for performance imposed by this Consent Decree may be extended by the
2 mutual written agreement of the Parties, except for the term of this Consent Decree in paragraph 70.

3 65. Failure by the United States to enforce this Consent Decree or any of its provisions or
4 deadlines will not be construed as a waiver of the right of the United States to enforce any deadlines and
5 provisions of this Consent Decree.

6 66. All material sent to the United States pursuant to this Consent Decree will be sent to the
7 following address by common carrier, delivery prepaid: U.S. Department of Justice, Civil Rights
8 Division, Disability Rights Section, Attn: Dov Lutzker, Trial Attorney, 1425 New York Avenue, NW,
9 Washington, DC 20005, or by email at dov.lutzker@usdoj.gov. The cover letter will include a subject
10 line referencing Humboldt County and DJ# 204-11-275.

11 67. This Consent Decree (including its Attachments) is the entire agreed order between the
12 parties on the matters raised herein, and no other statement, promise, or agreement, either written or
13 oral, made by either party will be enforceable. This Consent Decree does not relieve the County of its
14 continuing obligation to comply with all aspects of the ADA.

15 68. The County will provide a copy of this Consent Decree and any information contained in
16 it, including Attachments A through K, to any person, upon request.

17 69. This Consent Decree is binding on Humboldt County, and its agents, officers, employees,
18 contractors, and successors in interest.

19 70. This Consent Decree will remain in effect for a minimum of forty-two (42) months. The
20 Court shall retain continuing and exclusive jurisdiction for the duration of the Decree to enforce the
21 terms of the Decree. The United States and/or the County may apply to the Court for such further orders
22 as may be necessary for, or consistent with, the enforcement of this Decree, including an extension of
23 the Consent Decree if the County fails to comply with the provisions herein.
