04/26/2006	<u>448</u>	ORDER denying <u>422</u> Motion To Purge Contempt, Dissolve Injunctions, Declare Orders Satisfied, and Set Aside Injunctions. The Act does not comply with the Court's Judgments and Orders. On its face, the Act does not appropriately fund the ELL program. The Act fails to delineate the cost of providing a viable ELL program. The Act does not explain the basis for the \$77 increase for Group B weight students or how the \$432 appropriation is rationally related to the ELL program. The \$432 appropriation is more than current funding, however it is less than the amount that was discredited in a "cost study" that was done more than eighteen years ago, and less than the amount that was determined by the now "discredited" cost study held two years ago. Based on the Act, there is no way to determine if the models are indeed standards for school districts and charter schools to follow. The two-year limitation is a violation of federal law. The offsets of federal funds such as Title I, IIA, III, Impact aid and desegregation monies also violate federal law. The Act fails to satisfy Judge Marquez' January 2000 Court Order. It also does not comply with Federal Law. Therefore, the Court finds that the Act does not satisfy both the January 2000 and January 2005 Court Orders. The parties are referred back to the Court's December 2005 Order.(JKM,) (Entered: 04/26/2006)
