11/13/2006	<u>66</u>	ENDORSED LETTER addressed to Judge Harold Baer from Thomas Rice dated 11/8/06 re: counsel for dfts request that the case be stayed. The 2d Circuit is less than enthusiastic about section 1292(b) certifications and so am I. Here the major issue will be decided in Hirt and I'm confident all my arguments will be pursued. That motion is denied – as for class certification and the three "notice claims" i.e., Count IV, V and VI they will proceed space. The central question as well as any discovery into the age discrimination issue and the case itself but for the allowed actions detailed above will be stayed for 60 days and then conferenced to see if anything makes going forward a reasonable course to follow.. 05/30/2007	<u>98</u>	MEMORANDUM AND OPINION # 94720: that certification is granted to the class with respect to the notice claims - i.e., Counts IV, V, and VI, but only with respect to the class claims that stem from the JPMC Plan as of 1/1/02 and excluding those individuals who have already received their lump sum benefit; certification is granted to the class with respect to the age discrimination claim beginning 1/1/89, however, because Hirt v. The Equitable Ret. Plan for Employees Managers & Agents, no. 06cv4757 is currently sub judice before the Second Circuit and since that decision will likely be dispositive of the age discrimination issue, I am reserving the right to revisit this issue following that decision; plaintiffs Berotti, Falchetti, Melli, and Shapiro are appointed class representatives and the law firm Schiffrin & Barroway, LLP, Kirby, McInerney & Squire, LLP and Keller Rohrback LLP are appointed class counsel and will abide my order of 7/28/06; discovery may proceed but it is restricted with respect to the age discrimination claim to the period 1/1/02 and thereafter; the parties will prepare a proposed joint pretrial scheduling order and bring it to a pretrial conference in chambers on 6/14/07 at 3:00 p.m.; the clerk of court is instructed to close this motion and remove it from my docket.
