U. S. v. IBEW, Local 38
Cleveland, Ohio

On Thursday, May 23, I was speaking with Mr. Robert Rotatori, Assistant U. S. Attorney, Cleveland, Ohio, concerning the above captioned case. He told me that earlier in the week he had been speaking with David Perleman, Judge Green's law clerk. Mr. Perleman told Mr. Rotatori that this law suit would not come to trial because high level efforts were being made in Washington to settle it. He said that if we were unwilling to agree to a settlement, the International Union would go over our heads and settle it with the Attorney General.
