United States v. International Brotherhood of
Electrical Workers, Local No. 38; Electrical Joint
Apprenticeship and Training Committee
CA No. C 67-575, USDC ND Ohio

The Assistant United States Attorney in Cleveland called me at 10:30 this morning to advise me that the judge denied the defendants' Motion for a More Definite Statement and ordered them to answer within 7 days (September 25, 1967). I am planning a conference with the judge during the week of September 25, at which time we will present to him our plans for a pre-trial discovery. The willingness of this judge to act so quickly (he was only designated on Friday) indicates that we might not have any need for a Motion for a Preliminary Injunction.
