STIPULATION MODIFYING CONSENT DECREE

The Wyoming Department of Education (WDE), the Wyoming Department of Health (WDH), and Protection and Advocacy System, Inc. (P&A) together request the Compliance Advisory Board to allow placement of school age children upon the following:

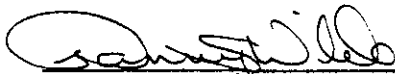

1. The Consent Decree provides that a transition plan "is to begin as far in advance of the actual move as is possible, but in no case less than six (6) months prior to community placement." (Section 1.11).

2. The Consent Decree further provides that transition plans for school age children who are class members shall be an endeavor involving the LEA/IEU, state facility and SDE. (Section 7.08).

3. The Consent Decree further provides that Emerson School shall close by September 1, 1992. (Section 7.02).

4. In order to ensure smooth, well-planned transitions and to avoid unnecessary delays, the parties request that CAB waive the six (6) month period for school-age class members only. WDE and WDH shall provide prior notice to P&A of any changes in transition plans for students. Thirty (30) days prior to movement of any students, WDE and WDH shall provide P&A with a comprehensive plan of services for each student which shall include the student's Individual Education Program (IEP) and Individual Program Plan (IPP). The transition of school age class members shall occur in compliance with IDEA.
