Civil Action No. C90-0004

MOTION FOR MODIFICATION OF CONSENT DECREE

The Wyoming Department of Education moves the Court to modify the Consent Decree entered in this case in one small particular. The proposed amendment would waive the six-month period between commencement of a transition plan for a school age class member and the individual's community placement.

The Wyoming Departments of Education and Health have agreed to provide Protection and Advocacy with prior notice of any changes in transition plans for students and with

comprehensive plans of services for all students thirty (30) days prior to movement of any students. This is expected to ensure smooth, well-planned transitions and to avoid unnecessary delays in their transitions to community placements.

The Stipulation Modifying Consent Decree filed 21 February 1992 with the Court indicates the agreement of all parties to this modification to the Consent Decree. The Stipulation was also presented to the two members of the Compliance Advisory Board during their visit to Cheyenne on the same day, and they have indicated their approval by signing it also.

Therefore the Court is respectfully moved to order modification of the Consent Decree consistent with the Stipulation Modifying Consent Decree filed 21 February 1992, a copy of which is attached to this motion.

DATED 25 February 1992.
