CAM Parole Status Report (April 1, 2020)

Pursuant to paragraph 9 of the April 12, 2019, Memorandum of Agreement (MOA), USCIS submits this “fourth quarterly report” of its implementation progress. Unless otherwise noted, the information in this report is current as of March 20, 2020.

Note: Update on Paragraph 7 Plaintiffs

Further to paragraph 7 of the MOA, USCIS agreed to re-open two Plaintiff family cases and consider them for parole, specifically, the beneficiaries (1) A.B.’s son; (2) A.B.’s son’s child; (3) H.F.; (4) A.F.; and (5) H.F. and A.F.’s mother. USCIS reopened their cases and has issued them all advance parole documents. A.B.’s son traveled to the U.S. on October 23, 2019. He opted not to take his child. A.F., H.F., and A.F. were issued their transportation letters and traveled to the United States on December 27, 2019.

Note: Impact of coronavirus on CAM processing:

In mid-March, the coronavirus disease (COVID-19) outbreak resulted in airport closures in Guatemala City, San Salvador, and Tegucigalpa. On or around March 15, 2020, shortly prior to the airport closures, flight cancelations began to affect CAM parolees, causing IOM to cancel planned CAM flights on March 17 and 19 and all flights since then. National governments in El Salvador, Guatemala, and Honduras have also declared mandatory stay at home orders. Though some USCIS staff in those locations are working from home and continue to process parole cases, locally employed USCIS staff are not reporting to work during this time and do not have telework capability. USCIS staff are unable to issue travel letters, withdrawal or closure notices while working from home, though other tasks can be completed from home. The initial review of completed medicals may also be delayed due to limitations of available personnel resources. The validity period of medical exams is determined by the Centers for Disease Control (CDC) and it is possible that some individuals will have the validity period of their already completed medical exams expire during the closure of airports, such that medical exams may have to be re-done for those individuals. However, the philanthropic foundation funding parolee travel has stated that it will also provide funding for repeat medical exams for individuals whose medical exams expire during the lapse in flights to the U.S. IOM Operations has also instituted telework and will electronically process as many completed medical exams as possible during this time. New medical exams cannot be scheduled or occur however during this time, with the panel physicians conducting the last medical exams on March 17, 2020.

Assumptions:

As noted previously in the USCIS operational compliance plan, USCIS will leverage IOM’s expertise and resources as it did when the CAM Parole program was previously operating. The submitted timeline represented the *fastest* estimated process assuming all external parties met the estimated milestones, but will be updated as more information becomes available. The estimated timeline was also based on previous CAM parole adjudications, and does not account for unforeseen differences.

Timeline Updates

Steps: Estimated timelines are approximate and may shift depending on unforeseen factors as well as those noted above.

Further to paragraph 8 of the MOA, USCIS notes the following progress on the Compliance Plan. For reference, USCIS has reproduced the tasks, estimated timeline and comments from the Compliance Plan, and provided a status update and date of completion on each tasking.

Compliance Plan filed on April 18, 2019			Status updates for April 1, 2020 Parole Status Report* <i>*Unless otherwise noted, information current as of March 20, 2020</i>	
<i>Task</i>	<i>Estimated Completion Timeline</i>	<i>Comments</i>	<i>Actual Completion Date</i>	<i>Comments</i>
USCIS will verify lawful status of all qualifying family members in the United States	March 21 - April 8, 2019	Completed initial verification for approximately 1,670 qualifying family members in the United States	Completed on May 20.	<p>Completed – prior notes below:</p> <p>On May 30, USCIS issued Requests For Evidence of lawful presence to family members (to 17 parents, representing 28 cases) without a record of current qualifying lawful presence, requesting evidence of lawful presence.</p> <p>As of September 23, 2019, USCIS had attempted to contact all 17 remaining parents via phone (and email, when available) in addition to the mailed RFEs. Of the 17 parents contacted by RFE, phone, and email, when available, 3 submitted proof of lawful status and 1 additional parent was verified by USCIS when the beneficiary appeared to receive information on his medical exams. Therefore, there are 11 parents for whom USCIS cannot confirm lawful presence.</p>
USCIS will update automated security	March 25 - April 12, 2019	Completed initial security checks for approximately 2,700 individuals; does	Completed on April 23.	Completed - Prior notes below:

checks for all beneficiaries		not include resolution of adverse information.		Additional checks will be conducted during later stages of processing.

USCIS will post updated materials to the USCIS website, as necessary about court order and ongoing compliance	May 6, 2019 – TBD, ongoing as necessary	Basic information about court order can be posted by May 6. More information about case processing to be posted as notification to impacted family members is sent.	Completed. See status update for dates of completion.	Completed - Prior notes below: On May 21, USCIS posted basic information about the court order to the USCIS website in English and Spanish. On June 18, USCIS posted further information about the settlement and permanent injunction online in English and Spanish. See https://www.uscis.gov/humanitarian/humanitarian-parole/central-american-minors-cam-information-parole-applicants USCIS also developed and posted on June 18 an online-self-check eligibility tool so that petitioners and beneficiaries could instantly find out if their case is part of the settlement.
USCIS will establish mechanism to accept updated contact information for family members in the United States and their beneficiaries, including an email address.	June 3, 2019 - TBD		Completed on May 28.	Completed - Prior notes below: There is a CAM-dedicated email address attached to the program notices and available online. USCIS has received and timely responded to inquiries through this email address since the notices

				were mailed in late May, including updated contact information for impacted individuals and many other questions related to the CAM program.
USCIS will begin notifying qualifying family members in the United States of the court order and continued case processing	June 3, 2019 - TBD	Timeframe includes drafting of notice, AR-11 verification of addresses, and printing and mailing.	Completed on May 31.	<p>Completed - Prior notes below:</p> <p>In May, USCIS searched AR-11 holdings to ensure that USCIS had the latest addresses of record associated with CAM participants.</p> <p>On May 31, USCIS completed mailing all notices to qualifying family members in the United States.</p> <p>As of August 23, 2019, USCIS has received 301 notices, representing 190 petitioners, that USPS returned as undeliverable. USCIS continues to track returned notices and to attempt to locate qualifying family members through alternative contact information of record. Of the 190 petitioners, USCIS contacted 153 by phone and/or email.</p>
USCIS will re-establish a contract with IOM for in-country assistance	Discussions have begun – TBD [Estimated mid September /October 2019]	A new or updated contract and procurement package will need to be cleared by DHS and IOM; for reference, standing up CAM initially took several months of negotiation with IOM and this timeframe may be shorter	Completed on September 25.	<p>Completed - Prior notes below:</p> <p>In anticipation of the finalization of the contract, USCIS was in communication with IOM to update them on what steps in the process have been completed thus far and how the agency has communicated with the applicants. USCIS has</p>

				also tracked information for each beneficiary, including when they have received their medicals and whether they will need to be interviewed. Now that the contract is signed, this information will be provided to IOM to assure a smooth transition.
Department of State and USCIS will re-negotiate with consulate and panel physicians to determine how many CAM applicants can be processed each month.	Estimated early July 2019.	Under the program as previously constituted, the Embassy negotiated for panel physicians to accept as many as 5 per day (25 per week per physician.)	Completed on June 28.	Completed - Prior notes below: USCIS and Department of State have held discussions with panel physicians about how many CAM applicants they can process. The panel physicians in El Salvador, Guatemala and Honduras will be able to accept up to 10 CAM applicants a day. There are currently 5 panel physicians in El Salvador, 4 in Guatemala, and 3 in Honduras.
IOM will begin notifying beneficiaries abroad of continued case processing;	Estimated July 15, 2019, assuming completion of prior steps.	Actual timeframe is dependent on how much time IOM might need to build up staffing abroad. (Current estimate allows IOM only one month following the finalized contract to ensure they have the necessary staffing in place.)	In process.	While the completion of the IOM contract was pending, USCIS began the process of notifying beneficiaries in Guatemala and El Salvador, since the agency has offices in these countries. A total of 431 notices were hand-delivered to the beneficiaries in person at the overseas USCIS offices. These applicants were also given instructions for scheduling their medical exams. IOM has delivered a total of 1,479 letters since they signed

				the Statement of Work on September 26, 2019.
USCIS will schedule biometrics appointments when necessary.	TBD	Fingerprints will be collected by USCIS for any beneficiaries who turned 14 years old following the CAM Parole program termination. Fingerprints do not need to be collected again for conditional parolees who already had them collected prior to termination of program; instead, their fingerprints on file will be re-run for checks.	In process.	As of March 25, 2020, USCIS had identified 113 beneficiaries who require(d) fingerprints, some of which were later closed. Of these 113 individuals, 60 have undergone biometrics and 21 open cases still require biometrics. Since June 13, 2019, USCIS scheduled biometrics appointments in El Salvador, Honduras and Guatemala.
USCIS will begin appointments to collect biometrics if necessary	Estimated July 29, 2019		In process.	Since June 21, 2019, USCIS has been taking required fingerprints.
IOM will begin to collect money and schedule new medical exams for all beneficiaries	Estimated August 26, 2019.	Actual timeframe depends on the family's ability to produce the money for the fee and the limited availability of physicians. There are five panel physicians in El Salvador, where the vast majority of beneficiaries will seek a new medical exam. There are four in Guatemala and three in Honduras. Last time, it took approximately one month for IOM NY to collect payment from parents in the United States.	In process.	In July 2019, USCIS began providing applicants with the option to schedule medical exams and pay the panel physician directly. 431 applicants had been given an instruction sheet by USCIS on how to schedule their own appointments. IOM has now assumed this task. IOM has already contacted 1,403 applicants for payment of their medical exams as of March 20, 2020. This number includes individuals who have been contacted for payment, whose medical

				payment has been completed, and those whose medical exam has been scheduled.
USCIS will begin to receive submitted medical exams, required for all beneficiaries	Estimated September 9, 2019.	Actual timeframe of medical exam results will depend on available physicians. The results of medical exams are sent to IOM within two weeks and then the scanned report is sent to USCIS in batches.	In process.	USCIS has received 826 completed medical exams as of March 25, 2020. The first medical exam results were received on July 29, 2019
USCIS and IOM will begin to schedule interviews with USCIS as needed, depending on any new information.	Estimated September 9, 2019.	Depending on any new information resulting from medical exams or security checks, a new interview may be scheduled for individual beneficiaries.	In process.	As of March 25, 2020, USCIS has so far identified 92 cases that will require re-interviews. Of those, 44 re-interviews have already been completed.
USCIS will begin to review eligibility for CAM parole on a case by case basis, assuming all information has been submitted.	Estimated September 10, 2019.	Case by case review can begin as soon as a beneficiary has submitted medical exams and an officer can review the relevant security checks. Actual date depends on IO office closures and restructuring.	In process.	USCIS is actively reviewing cases for eligibility on an ongoing basis.
USCIS will inform Customs and Border Protection that its officers will begin to see CAM parolees at ports of entry	Estimated September 10, 2019	Disseminate memo to CBP regarding CAM parolee travel and expected timeframe for travel	Completed on October 11, 2019.	Completed - Prior notes below: USCIS sent the memo to CBP on October 11, 2019.
IOM will collect money for plane tickets.	Estimated beginning October 14, 2019.	Following case review, USCIS notifies IOM that they can begin to arrange travel. The actual timeframe depends on the individual's ability to pay. IOM NY took usually one month to collect payment from parents in the United States.	In process	IOM collected money for travel from 98 applicants as of December 23, 2019. IOM has not collected additional money for travel as a philanthropic foundation is funding parolee travel. Parolees who had already paid for travel were issued refunds.

For eligible cases, USCIS will complete final security checks and re-verify that the qualifying family member in the United States still has lawful presence before issuing the travel document.	Estimated beginning October 17, 2019.	When a travel date is confirmed, USCIS conducts final checks. This must be done within a 48-hour period before issuing the I-512L travel document.	In process.	USCIS will complete security checks upon notification of the applicant's travel date and 48 hours prior to issuance of the I-512L. USCIS has cleared 484 cases for travel as of March 25, 2020.
For cases with final approval, USCIS will print a travel document that is valid through the valid period of the beneficiary's medical exam.	Estimated beginning October 17, 2019.		In process.	The first group traveled to the U.S. on October 15, 2019. USCIS has printed a total of 356 travel documents as of March 25, 2020 (excluding the named plaintiffs).
USCIS will provide IOM with USCIS issued travel documents, valid through the valid period of the beneficiaries' medical exams.	Estimated beginning October 18, 2019.		In process.	USCIS has provided 335 travel documents to IOM as of March 25, 2020. 21 travel documents have not been issued due to COVID-19 related flight cancellations.
IOM will provide the USCIS issued travel document to the travelling beneficiaries with final approval.	Estimated beginning October 23, 2019.	Actual timeline may depend on the beneficiary's schedule and readiness to depart. In certain cases, IOM will escort beneficiaries for their travel.	In process.	IOM has provided travel documents to 330 applicants on their travel day as of March 20, 2020. IOM counsels, houses and escorts applicants to the airport on their designated date of travel.
