STATUS REPORT

In compliance with the Court’s Marginal Entry Order of December 26, 2018 [Doc. No. 164], the Defendants, by counsel, hereby submit the following status report regarding the determination of an alternate location for the Vigo County Security Annex:

1. The Board of Commissioners of Vigo County have met with representatives of three (3) ownership groups who own property that would accommodate construction of the planned design for a new Vigo County Security Annex. These proposed sites are being analyzed

for jail construction suitability. Proposals for survey, elevation, and other issues related to site suitability have been approved for completion for those sites under consideration for which the owner could not provide that preliminary information. The commissioners are expediting that work both to meet the Court's expectations and to make an informed selection on a final site. The defendants anticipate due diligence work should be completed by the next hearing date (February 13, 2019) and it is possible a final site will have been selected and the purchase transaction closed by that date.

Respectfully Submitted,

/s/ Michael J. Wright
