03/15/2000	219	ORDER; I have reviewed the excerpts from the deposition testimony of Karen Powell, Jose Pimentel, and Sheila Vaughn, submitted as plaintiff's Exhibits 220, 221 respectively. I note that the defendants has no intention of submitting cross designations. As I recall, I directed the parties to identify designations after the conclusion of testimony and both sides agreed at the time. Notwithstanding the defendants' objections, I find these designations to be both relevant and admissible. With respect to defendant's Exhibit "S", I will admit into evidence the plaintiffs' designation as well as defendants' cross-designations. Defendants' exhibit "T", a sampling of law library forms, will not be admitted. Finally, with respect to the plaintiffs' submission of envelopes for which plaintiffs have provided custody and release information meet Rule 807 standards for admission and as such will be admitted into evidence. Plaintiff's Correspondence Exhibits 202-203, 306,208-209, 211-214, 220, 222-227 are admissible to show that mail addressed to prisoners in the custody of defendants was returned. However, the markings on the envelopes that were not made by the United Postal Service have not been authenticated and will not be attributed to the defendants ; (signed by Judge Harold Baer Jr.); Copies mailed. Re: counsel for plaintiff writes regarding the defendants' letter to the court of 5/29/01, requesting a ruling limiting the evidence which may be introduced at the upcoming hearing to determine the appropriate remedy for the modular units; I have read the letters from plaintiff and defendants dated 5/29 and 5/30. It stretches credulity to believe the reason for the hearing and thus the discovery could be any plainer. I am concerned as to the continuing viability of the modules and whether they are in a condition, in coformity with the law, to be worth fixing or beyond "fixing." Your job is to help me find out - unlikely that records from two or three years ago will do it. Environmental aspects will only be relevant as they affect structural concerns . 04/23/2002	322	Memo-Endorsement on letter addressed to Judge Baer from Florence A. Hutner, dated 4/19/02; counsel writes to advise that defendants seek information about the inmates' prior experience in filing appeals. 1) In Legal Aid's letter of 4/19, I am delighted to see that the City will accept answers in unsigned form. I am not planning to stretch this hearing and therefore no declarations with material changes in the substance of the testimony in the signed copy will be accepted. 2) As to the dispute: the plaintiff will provide an answer to the question "has the witness ever appealed any previous DOC action or determination and if so how many and to whom was the appeal submitted and what if any determination resulted" with dates only if easily acquired . 04/24/2002	323	Memo-Endorsement on letter addressed to Judge Baer from John Boston, dated 4/22/02 Re: defts' application in their letter of 4/22/02, to add a belated expert witness: while I don't share the deft's view about the arduous "compressed" schedule for this hearing on the plntf's motion for contempt et al and thus the defts in my view should have been able to comply-the idea behind the federal rules is to try cases on their merits and that means all their merits and too that this is a search for truth and I believe in assisting parties in making it happen. The application is granted. Further, this is a two day hearing. Make sure you have agreed how that time is to be divided and if you have any more problems between now and the hearing, call don't write, if possible do neither (signed by Judge Harold Baer Jr.); Copies mailed. 04/24/2002	324	Memo-Endorsement on letter addressed to John Horowitz from Coleen Chin, dated 4/3/02. Re: Counsel for deft writes in response to Madeline deLone's 3/18/02 letter regarding the scope of redactions of the EHO reports; defts believe that no currently redacted categories included in reports using either old or new forms should be unredacted, with the exception of notations on future EHO reports regarding sanitation of various items. Responding to this letter and 3/18 and 4/18/02 letters from legal aid and having reviewed the report from OCC I am not at this time ordering redaction of the 'old form or per the request of legal aid. I do however subscribe to the OCC's 8 items in the 4/12/02 report as items appropriate for inclusion in my order and they will be included along with a justification as to the housing area found to be in violation. These inclusions will begin as soon as conveniently possible but not after 5/6/02 . (signed by Judge Harold Baer Jr.); Copies mailed. (sn) (Entered: 04/26/2002)

04/24/2002	330	Memo–Endorsement on letter addressed to Judge Baer from John H. Doyle, III, dated 4/9/02. Re: OCC requests that the Court direct the Department of Correction to provide OCC with the weekly schedules of its Public Health Sanitarians each Friday of the following week, or, at the latest, on each Monday for that week. Taking three weeks or longer to respond to a request by OCC so that the court has a timely opportunity to rule on such a dispute is inexcusable and counsel to the department seems directly at fault. Further refusal to permit perusal of the public health sanitarians schedule before its too late to matter hardly seems to signal even a smattering of the good faith promised time and time again by the city. The OCC's role in my view permits perusal of these records and they are to be furnished when they have some change of being meaningful, i.e., each Friday for the following week or Monday if necessary beginning Friday May 2, 2002 . Re: defendants write to confirm their understanding of the Court's memo endorsement of their lettter dated 8/29/02. My memo and my clerk's conversation seem clear: 1. Have plan with you on 9/13/02 at 10:00 a.m. 2. That plan will cover OCC reports. 3. Don't address these items in your answer to Legal Aid's motion. 4. 12 days is all you have. Re: defendants write requesting an additional period of time to respond to plaintiffs' motion retrunable on 9/6/02. 1. As you know, I only accept fully briefed motions so while I've heard about the motion and seen the OCC report, I'm not certain of the overlap. 2. Nonetheless I am clear that the OCC report found significant problems and that counsel for the Department wants a chance to respond. 3. My plan subject to working out a date is that we resolve the OCC problems at a conference with an opportunity for the DOC to give their views. 4. That any other aspects (all other aspects but for mattresses and food storage containers, showers and bathrooms) will be responded to with an adjournment to 9/16/02. 5. The meeting will take place in Chambers on 9/13/02 at 10:00 a.m. 6. All sides should come with a workable plan perhaps worked out in advance with OCC and adversary and a timetable so we can avoid more time at least on these issues . 10/19/2004	392	ENDORSED LETTER addressed to Judge Harold Baer from Chlarens Orsland dated 10/15/04 re: Defendants write to propose a modification of the current reporting schedule for quarterly reports. I'm fine with this arrangement. On another topic, I have problems with DOC's 12 hour transfer policy. While this letter and my frequent discussions are hardly indicative of a micro manager, 12 hours of 80 degrees or warmer climate for those at risk I may be called anything you like but it's too long. As to the age, if you talk to your expert I expect 60 is her preference and especially for those with diabetes type I and other chronic conditions. You might have a telephone conference with her and I'll abide by her thinking. Try and do it all and attempt a joint order with OCC's assistance. I will be away most of November. That should give you plenty of time. If you are unsuccessful, schedule a meeting with me for the first week in December. (Signed by Judge Harold Baer on 10/18/04) (kw,) (Entered: 10/26/2004)

Doyle, II dated 7/11/2006 re: application for salary increase and reimbursement of expenses for Deputy Director Office of Compliance Consultants. ENDORSEMENT: On our recent trip to Rikers, I was happily surprised at Nicole's apparent value to OCC and to me. The problem for me, as evidenced by Ms. Hutner's letter, is that as you say, the hallmark of this position is impartiality and diplomacy. If one party or more feel her conduct does not evidence these traits—her work cannot be effective. While I appreciate all she has done, I believe additional time and additional reports from her and responses from the parties are necessary before any raise can be approved by the Court. I am, as well, concerned with some of the expenses and will not authorize all of them. I suggest, after talking to Nicole, that you pare the expenses starting 8/1/2006, we defer the expenses and raise for several months and reexamine on or about 11/30/2006. Let me hear from both parties at that time. So Ordered. (Signed by Judge Harold Baer on 7/29/2006) (lb,) (Entered: 08/07/2006)

04/16/2007	424	ENDORSED LETTER addressed to Mr. Elwick from Chuck Orsland dated 4/11/07. ENDORSEMENT: Soon the Court will take an even dimmer view of what I believe are years of feet dragging and will my way or another be bringing this decree to a screeching halt if it continues as it has on both sides– but primarily the defendants, but extending your time here will matter little in the scheme of things, and April 30th is fine. 10/30/2007	447	ENDORSED LETTER addressed to Judge Harold Baer from Chlarens Orsland dated 10/3/07 re: The May 31, 2007 Order and the underlying Heat Order do not have a cut-off date for the provision of air-conditioning reports. Thus, we believe that the April 26, 2001 now governs, and accordingly, have begun preparing for the provision of heat for the current heat season. If our interpretation of the Court's orders are in error, we trust that OCC or Legal Aid will make their position known to us. ENDORSEMENT: This is fine with me; just keep in mind as I know you will, that your obligation to heat sensitive inmates is not reduced because winter approaches.

		Your obligation to heat sensitive inmates is a continuing one. So Ordered. (Signed by Judge Harold Baer on 10/29/07) (js) (Entered: 10/31/2007)
10/30/2007	448	ORDER: The Defendants shall within 10 days from the date hereof provide the OCC, for review by Dr. Vassallo, copies of all medical charts, and any other medical records that reflect medical treatment and/or examination, and designation and revocation of designation as heat-sensitive, of such present or past class members whose heat-sensitive designation was revoked within 48 hours of issuance. OCC shall make these documents available to Plaintiffs' counsel upon request. Dr. Vassallo shall review the said medical charts and other records and shall report to the Court via OCC, with copies to the Defendants and to Plaintiffs' counsel within 30 days from the receipt of said records. (Signed by Judge Harold Baer on 10/30/2007) (jar) (Entered: 11/01/2007)
11/05/2007	449	ENDORSED LETTER addressed to Judge Harold Baer from John Doyle dated 11/1/07 re: Motion was served but not yet filed by defendants for a Termination of the heat order. The OCC will be preparing a Supplemental Report and provide it to the parties and the Court by December 17, 2007. ENDORSEMENT: This sounds fine but certainly longer than seems necessary. Your Supplemental Report can hardly take close to 6 weeks- I'll leave this extended schedule in place but urge you to file by December 3, 2007. (Signed by Judge Harold Baer on 11/2/07) (tro) (Entered: 11/06/2007)
11/15/2007	450	ENDORSED LETTER addressed to Judge Baer from Chlarens Orsland dated 11/13/07. ENDORSEMENT: Lets talk about it on 11/19 but this is the plaintiff's application apparently bought into by OCC and Nicole or vice versa they are to be equally ready that's spelled PREPARED to tell me the problem etc. (Signed by Judge Harold Baer on 11/14/07) (tp) (Entered: 11/20/2007)
12/13/2007	451	ORDER RE: PLAINTIFFS' MOTION TO ENFORCE THE COURT'S PRIOR HEAT ORDERS RE: ADEQUATE COOLING IN PUNITIVE SEGREGATION: plaintiff's motion for enforcement shall be denied without prejudice to renew in the event that defendants' CPSU Rehabilitation Plan, upon execution does not result in adequate ventilation and cooling in punitive segregation units on or before 9/1/2008. ENDORSEMENT: I'll give you until 1/15/08, but frankly my view is that not only is this old news but that its OCA's call - don't come by with anything less than clear and convincing proof to the contrary. Nonetheless, because we recognize that this issue does not fall comfortably within the Benjamin purview, we withdraw our objection to the termination of the Red ID order. ENDORSEMENT: I think this is right but keep me posted. SO ORDERED. (Signed by Judge Harold Baer on 2/8/2008) (jmi) (Entered: 02/11/2008)

ENDORSEMENT: This seems far too long- my preference would be to hear this motion along with the motion to vacate the heat order which will be heard on April 16. That would move things along and promote judicial economy. If you can't do this and I'm really not sure there is a need for discovery at all, I will give you another 30 days tops and it will be heard or you will resolve the matter without the Court's help on Thursday May 15, 2008 at 10:30 a.m. (Signed by Judge Harold Baer on 3/26/2008) (jpo) (Entered: 03/26/2008)

01/28/2009	<u>514</u>	SUPPLEMENTARY ORDER REPAIR AND RENOVATION OF VENTILATION SYSTEMS: It is hereby ordered that Assessment of all existing ventilation equipment in the covered areas will be completed by March 31,2009, as set forth herein. The VTFT shall repair units, replace belts/bearings, motors. etc., as necessary, lubricate equipment, clean coils, adjust pulleys, catalogue all pieces of equipment, trace the dampers to ensure they are in the appropriate position (dampers should be in full "open" position), and ensure that all units are properly labeled. Within two weeks of receipt of the assessment of the equipment in each housing area and its bathrooms, the Supervising Senior Stationary Engineer will determine whether the unacceptable units can be repaired or upgraded or must be replaced. Defendants shall promptly schedule the repair work and order replacement units. Replacement or repair of the existing units that remained in unacceptable working order at the conclusion of the assessment shall be completed by September 17, 2010, except those that must be replaced through capital projects, which shall be completed by the end of 2011. In addition to repair and replacement of the existing ventilation units found to be inadequate, the Department will carry out a series of in-house and capital projects, as set forth herein. The Department will develop a facility-based, unit-specific, preventive maintenance plan. Based on the record made on this motion, as well as the prior record and findings in this proceeding, the Court finds that this Order, based on Defendants' proposed remedy, is narrowly drawn and is the least intrusive measure necessary to correct the constitutional violation previously found with respect to jail ventilation and will have no adverse impact on public safety or on the operation of the criminal justice system. 10/26/2009	<u>530</u>	OPINION & ORDER:# 98185 For the foregoing reasons, Plaintiffs' requests for additional relief are DENIED, and Defendants' motion to terminate the Heat Order is GRANTED, subject to review one year hence following the 2010 Heat Season. As the Defendants were not specifically required under my previous orders to monitor allegedly air-conditioned dormitories at 80F or less, I am constrained to look forward with respect to this unfortunate happenstance. Accordingly, OCC will not be required to submit a report on Defendants' compliance following the 2009 Heat Season, as originally discussed at the August 31, 2009 conference. Instead, OCC shall submit a report on, or if reasonable, before November 1,2010 as to Defendants' compliance with all aspects of the newly clarified Heat Orders during the 2010 Heat Season. Any motion to reinstate the Heat Orders based on OCC's 2010 report shall be fully briefed by December 15, 2010. The Clerk of this Court is instructed to close this motion (Docket No. 520). 08/16/2017	<u>650</u>	ORDER re: <u>648</u> Letter filed by James Benjamin, <u>647</u> Letter filed by Catherine Abate, <u>649</u> Letter, filed by Catherine Abate: Following the status conference on Monday, April 24, counsel have updated the Court as to the Department of Correction's ("DOC") current punitive segregation policies and, more specifically, as to air conditioning available to inmates in punitive segregation (dkt. nos. 647, 648, and 649). In its last filing, DOC concluded by stating "The fact is that as of now, and for the last year and two months, all inmates held in 23-hour punitive segregation lock-in are in air-conditioned housing during high heat days. We believe this ends the dispute. There is clearly no continuing and ongoing violation of any federal right and this chapter should be closed, as we believe the record before the Court is sufficient for this purpose." (Dkt. no. 649 at p. 6.) The Court will consider the parties' papers as DOC's motion to end the Heat Orders issued by the late Judge Harold Baer, Jr., and close the case. To the extent that either party wishes to supplement its papers it shall do so no later than September 1. (Signed by Judge Loretta A. Preska on 8/16/2017) (jwh) (Entered: 08/16/2017)
