Subject: Postcard Grievance Response to form number 000444

Thank you for expressing your concern about the Columbia County Jail mail procedures. As you are aware, there are multiple ways for inmates to communicate with friends, family and others outside the jail. You may send and receive postcards, as well as have personal visits and use the telephone. You are also allowed to communicate with your attorney, and correspond with other officials, by writing letters using paper and envelopes to ensure your privacy. Our postcard policy was enacted after a good deal of review, and we believe that the policy decreases the opportunity for contraband to be introduced into the jail, which enhances jail safety and security. In addition, the use of postcards saves significant public resources as staff do not need to spend nearly as much time searching for contraband or for communications that threaten jail safety and security. In light of the clear benefits to jail safety and security, the reduced staff time required to process inmate mail, and the alternative methods available to inmates to communicate with the outside, we believe that our policy of requiring postcards for personal mail is appropriate and reasonable. Your grievance is denied.
