10/25/2018	<u>77</u>	Correspondence re: Request for Ruling on Discovery Motion (Lopez, Burth) (Entered: 10/25/2018)
11/01/2018	78	The Court has received communication from the parties indicating a preference for a ruling on the pending motions prior to the November 2nd discovery deadline set in the related actions. While understanding this preference, the Court notes that the parties assumed the risk of falling out of alignment with the related cases when they proposed a schedule that called for briefing on the pending motions to begin after all 5 motions to dismiss in the related cases had been ruled upon by 3 separate courts, including this one. If the Court determines that additional discovery is warranted it would do so based on the specific allegations in this case and thus would grant a brief extension of the discovery schedule, related to this action only, to allow discovery to be completed prior to the trial date set in this case.
