**NANCY MAYER WHITTINGTON, CLERK
U.S. DISTRICT COURT**

CONSENT ORDER

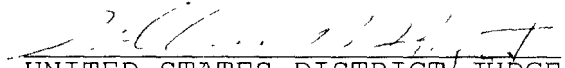

The Court has been informed that the correctional facility that was the subject of this lawsuit -- the Lorton Maximum Security Facility - was permanently closed in spring of 2001 as required by the National Capital Revitalization and Self Government Improvement Act, D.C. Code § 24-1201, et. seq., and that the inmates formerly housed at that facility who constituted the plaintiff class are now housed in other facilities under the supervision of the Federal Bureau of Prisons. Given the closure of the Maximum Security Facility, and the alternative arrangements for the incarceration of the former plaintiff class, the plaintiff class certified in this action has ceased to exist. Accordingly, the parties have jointly moved to vacate all Orders entered herein and to dismiss this case. Upon consideration of that joint request, and of the record in this case, it is this 7th day of May, 2002

ORDERED: That the Orders entered in this civil action be and hereby are vacated and it is

FURTHER ORDERED: that the above-referenced civil action be

678.

and hereby is dismissed.
