Chicago, IL 60601  
go

SHADUR, Senior District Judge.

\*1 This Court has received a communication from Napoleon Hartsfield (“Hartsfield”), who describes himself as one of the members of the class in this action and captions his submission “Motion to Enforce the Judgment or in the Alternative Motion For Writ of Execution.” It is not at all clear from Hartsfield’s document just what his grievance is, but there is no reason that the matter should not be brought to the attention of counsel for the class in the first instance. Accordingly this Court will simply transmit copies of the motion and of this memorandum order to such counsel,<sup>1</sup> and it will take no further action unless and until it receives some communication from counsel on the matter.
