Opinion

MEMORANDUM AND ORDER

ROBERT J. WARD, District Judge.

*1 Albert F. Bell (“Bell”), a member of the plaintiff class, moves, *pro se*, to intervene in this action, claiming violations of the Judgment previously entered. Inasmuch as Bell is already a party, his motion to intervene is denied.

Bell’s claims concerning violations of the Judgment, insofar as they relate to his medical care, are referred to Dr. Robert L. Cohen, the medical auditor, with the request that he follow-up on the complaint.

It is so ordered.
