ORDER APPROVING PROPOSED  
FINAL SETTLEMENT AGREEMENT

This matter having come before the Court at a hearing held on June 30, 1994, and the Court having considered Keith A. Werner's Motion to be Excluded From The Class Action, the various duplicate Motions For Enlargement of Time filed by certain class members, the full record before the Court, Plaintiffs Memorandum in support of Proposed Settlement Agreement, argument presented by Alvin J. Bronstein for the plaintiff class and Anthony A. Cipriano for defendants, various objections filed by certain class members, and the Court being fully advised in the premises and concluding that the proposed agreement is an arms length agreement fairly representing and protecting the interests of the Plaintiff class, that there has been no showing that any class member will be injured by this agreement thereby warranting exclusion and no showing why any enlargement of time is necessary,
