FROM: James Walters
RE: Student Residency Forms

You will find attached five (5) documents to be used by each school in our district for the purpose of verifying student residence. In addition you should have a copy of the most recent policy on verification of residence. These five documents, along with brief comments pertaining to each are listed below:

- FORM 1 This item is designed to be used to notify parents, legal guardians, and other adults of the Residency Verification Procedure which must be completed prior to the enrollment of any student other than legal transfers.
- FORM 2 This Residency Registration Checklist is designed to be used in the initial verification of the residence of all students except legal transfers. In subsequent years, the school district will require the completion of this checklist only for newly enrolled students or continuing students whose residence has changed.
- FORM 3 This Declaration of Legal Residence form is for use after the first year of verification of residence to document that there has been no change in the legal residence as verified in an earlier year on the Residency Registration checklist.
- FORM 4 This Affidavit of Residency is to be used by a custodial adult with "in loco parents" authority to document the adult's relationship to the student along with the reasons as to why the student is living with the person executing the affidavit. The acceptance of an affidavit should be made with great caution as a good faith effort should be made to accept only those students in need of this consideration.
- FORM 5 This form letter is to be used for providing notification to the parent, guardian, or other adult that the Residency requirements have not been met in accordance with the District Policy.
